

ANTI-TOWNLEY CAMPAIGN FUNDS LAID BEFORE PUBLIC IN ANSWER TO LEAGUE ORGANS' FALSEHOODS

Secretary Twichell Shows That Every Dollar in the Anti-Socialist Campaign Funds Was Contributed by Residents of North Dakota—Will Townley Make Public His Expenses in the Campaign Is Question Asked—Anti-Townley Forces Guard Against Election Frauds

The campaign funds of the Republican anti-Townley workers were laid before the voters of North Dakota today. The Republican leaders challenge A. C. Townley to lay before the public the expense of his campaign with his staff of paid managers and socialist speakers touring the state, and his propagandists busily spreading printed matter to the voters. The vicious lie of a "million dollar slush vote" is exploded, and there is on foot today in every county in the state plans by the anti-Townley workers to see that a fair election is carried on Wednesday, despite the fact that in many places the Townley workers have absolutely full control of the election machinery.

Now Townley's Move
The warning by Governor Frazier against election law violators, issued to bolster up propaganda started by Townley managers and league organs, was a joke to anti-Townley leaders in Burleigh county, who have made plans to guard against exploitation of the ballot by league men.

The statement of the Republican headquarters shows that only \$52,735.50 was available for the campaign expenses of the anti-Townley organization. It shows the falsity of the charge that Wall Street has poured a million dollars into the campaign.

"How much has been spent from the millions of dollars at Townley's command?" the Republican workers ask. The failure of the league meetings at Mandan Friday and Saturday and at Bismarck Saturday, with Townley as the star attraction, to attract as large crowds as in previous years, has brought fresh confidence to the Republican workers. Reports from all sections of the state showing the falling off in league meetings and the attendance at Langer meetings has spurred the workers on to the victory that appears assured with a fair election.

Langer in Burleigh
Attorney General Langer entered Burleigh county today. He speaks at Wilton tonight at a big meeting. Senator A. J. Gronna speaks in Bismarck tomorrow night at the Auditorium, and preparations are being made for a big meeting. General Langer will finish his campaign in his home city of Mandan Tuesday night, where the league effort to besmirch his name failed.

The statement of L. L. Twichell, executive secretary of the Republican headquarters, showing the amount of contribution to the anti-Townley fund and that every dollar was contributed by citizens of North Dakota, is as follows:

"The Courier-News, the Townley Fargo Megaphone, this morning under a heading extending across the entire front page, 'Big Campaign Fund to Fight Farmer Labor Ticket,' adds its daily chapter to the continued campaign of deceit whereby Townley has been able to fool thousands of well meaning farmers and laborers in North Dakota into the belief that it is 'Big Business,' which is fighting socialism in North Dakota.

"The Courier-News article, wherein it charges that a million dollar campaign fund has been raised, or has been attempted to be raised, to fight the socialist bodies in North Dakota, wherein it states that the counties have been assessed on an average of \$15,000 each, when it states that the mythical \$15,000 assessment has been raised to \$20,000 for each county, when it stated that the fund raised in North Dakota has been augmented by contributions of corporations and others outside of the state, deliberately and knowingly attempt to deceive the farmer and laborer in North Dakota.

"The matter of the joint budget for the campaign to be made in the primaries against socialism in North Dakota, is one of public knowledge, as is the apportionment made to the several counties in the state, from which counties every dollar contributed to this joint campaign fund, is received. The joint budget was made up and as sent out through the secretary of the anti-Townley fund, to those in possession of this campaign, called for the expenditure of \$133,950, such fund, if received to be expended by the anti-Townley Republican State Central committee, the Democratic State Central committee and the Independent Voters' association, each of such organizations handling various features of the campaign. The apportionment made to cover the campaign fund and as allotted to the several counties in the state, aggregated \$133,950.00 and these funds were allotted to be raised as follows:

Nothing Secretive
Adams, \$200; Barnes, \$8,000; Benson, \$3,000; Billings, \$100; Bottineau, \$400; Bowman, \$200; Burke, \$400; Burleigh, \$1,000; Cass, \$25,000; Cavalier, \$4,000; Dickey, \$1,500; Divis, \$4,000; Dunn, \$250; Eddy, \$1,000; Emmons, \$600; Foster, \$1,000; Grant, \$400; Golden Valley, \$1,000; Grand Forks, \$15,000; Grand Sioux, \$1,000; Hettinger, \$350; Kidder, \$750; LaMoure, \$1,000; Logan, \$450; McHenry, \$1,000; McIntosh, \$500; McKenzie, \$200; McLean, \$2,500; Mercer, \$250; Morton, \$4,000; Mountrail, \$500; Nelson, \$3,000; Oliver, \$100; Pembina, \$500; Pierce, \$1,250; Ramsey, \$1,500; Ransom, \$2,000; Richland, \$6,000; Rolette, \$500; Sargent, \$1,750; Sheridan, \$500; Slope, \$250; Sioux, \$2,000; Stark, \$2,500; Steele, \$1,000; Stutsman, \$5,000; Towner, \$1,000; Traill, \$6,000; Walsh, \$500; Ward, \$4,000; Wells, \$1,500; Williams, \$1,000.

Exact Amount
Neither the budget, this apportionment, the manner in which it was to be raised, the amount which was asked to be contributed by each county (Continued on Page 3)

BISMARCK GAS RATE INCREASE PLEA IS FILED

Local Company Sets Out New Schedule of Rates Asked to be Effective Here

HEAR ON PETITION JULY 7

Expiration of Increase for One Year Result of New Petition

Increased rates for gas are asked by the Bismarck Gas company, in a petition filed with the board of railroad commissioners today. The commission set July 7 at a time for hearing the petition. At the same time the communication decreed that the present rates should be in effect until the hearing is completed and a new order issued.

More than a year ago the Gas company was granted an increase in rates for one year, which has expired, and the new, higher schedule is asked by the company.

Rate of Increase
The increase asked varies with the amount of gas consumed. A comparison of the present rates and the rates asked by the company is as follows: 10,000 cubic feet or less; present rate, \$2.45 per thousand cubic feet; rate asked, \$3.00 per thousand cubic feet. Over 10,000 cubic feet and less than 20,000; present rate, \$2.20; rate asked, \$2.75.

Over 20,000 cubic feet; present rate, \$2.00; rate asked, \$2.50. 30,000 to 50,000 cubic feet; present rate, \$1.80; rate asked, \$2.25. 50,000 to 70,000 cubic feet; present rate, \$1.60; rate asked, \$2.00.

Continue Discount
Over 70,000 cubic feet; present rate, \$1.50; rate asked, \$1.75. The schedule proposes continuance of the discount of 20 cents per thousand cubic feet if paid by the 10th of the month.

The hearing will be held in the railroad commission offices in the Bank of North Dakota building.

2,000 SOLDIERS PERISH IN BOAT SINKING, REPORT

London, June 28. Two thousand British, Austrian and German prisoners of war were drowned when Bolshevik steamer was sunk recently in the Neva River, according to a Helsinki dispatch to the Central News.

A writer's report from Stockholm would seem to confirm this dispatch, saying that a ship was sunk on the 26th of June with 2,000 repatriated prisoners on board. It, however, does not mention any loss of life.

FARMER STRUCK BY LIGHTNING; DIES INSTANTLY

Hazleton, June 28. Mark Brindle, a well known young farmer living about three miles south of Hazleton, was killed by a stroke of lightning during a storm here. He and his hired man were in a field at the time and were near a wire fence. The hired man walked away from the fence and a moment later Mr. Brindle was killed. The shock felled the hired man. Mrs. Brindle at the time, was in the Bismarck hospital, recovering from an operation for appendicitis.

VOTE AND VOTE RIGHT WEDNESDAY

Every voter who is interested in the welfare of his state will have no excuse for not registering his ballot on Wednesday. Polls will be open Wednesday, June 30, from 9 a. m. to 9 p. m. Every citizen who is over 21 years old, has resided in North Dakota a year, and in the county 90 days, has the sovereign right of casting a ballot.

Every citizen who has moved from one voting precinct to another within 30 days prior to the election, may vote in the precinct from which he moved.

Every citizen who is interested in ridding socialism, extravagance and corruption from the government of North Dakota, taking it out of the hands of the radicals from outside the state and putting it in the hands of free men who have interest in the state, should vote the Victory Ticket headed by William Langer.

For candidates for state offices vote on the Republican ballot indorsed by the Republican state convention.

For the candidate for justice of the supreme court and superintendent of public instruction vote on the "Nonpartisan primary election ballot" and vote for A. M. Christianson for the first named office and Miss Minnie Neilson for the second-named office.

It is important that voters wishing to vote for the Langer ticket vote for the candidates for legislature on the Republican ballot indorsed by the independent Republican organization.

POLICE BATTLE ANARCHISTS IN ITALIAN TOWNS

Order Restored After Soldiers Are Called Out; Anarchists' Leader Killed

ALSO RIOT IN GERMANY

See in Riots Plot to Overthrow Present Form of Government of Country

Rome, June 28.—Reports of disorders in widely separated parts of Italy appear to corroborate that they are a part of a deep scheme to overturn social order throughout the entire country. Unemployment is the alleged reason for the strike now in progress and for rioting.

At various points red flags have been hoisted above the municipal buildings, telegraph lines cut and roads blocked, and soldiers in armed cars have dispersed rioting. Discontent has burst out violently at Piombina and soldiers and police have been attacked with revolvers and hand grenades and have replied with machine gun fire. Many on each side have been killed.

POLICE QUELL RIOTERS
Rome, Sunday, June 27.—Quiet was restored today by soldiers in the central part of Ancona, according to dispatches from that city. The anarchists who have been creating serious disorders there retired to the suburbs. One hundred and ninety-three persons were arrested, reinforcements for which were still arriving today.

Sisimeone Schneider, chief of the communist anarchist party, died today in a hospital as a result of wounds received in previous fighting.

POLICEMAN KILLED
Brescia, Italy, June 28. Socialists and populists have clashed at Rezzato. One policeman was killed and it is believed there were other victims.

ANARCHISTS REPULSED
Piso, Italy, Sunday, June 27.—Baracks were attacked here yesterday but the assailants were repulsed. The rioters built barricades in the street and pillaged liquor and clothing stores until order was restored by reinforcements to the garrison. There were a number of casualties.

RIOTS IN GERMANY
London, June 28. Three persons are dead and 50 wounded as a result of food riots in Hamburg, according to a Central News dispatch. The dispatch states that order has been restored.

SOLDIERS SEEK BONUS PLANK

San Francisco, June 28. Servicemen among convention delegates today perfected plans for obtaining endorsement of the Democratic party for bonus legislation. It was decided to adopt the American Legion "four-way" plan of rewarding veterans of the late war by extending hand-up insurance, rural or urban home aid, vocational education or flat cash compensation.

CATTLE THEFT CASE JURY IN DISAGREEMENT

Jack Guyer Must Face Another Trial at Ft. Yates After Jury Was Out 18 Hours

Fort Yates, June 28.—The jury in the cattle rustling case against Jack Guyer was discharged by Judge Hanley, after the jury had been unable to agree. The jury was out 18 hours and at the last vote it was understood that the jurors stood nine to three for acquittal.

Another jury was then impaneled and the case against Charles Hoover was begun. Hoover is charged with a similar offense. The state in prosecuting the case against Jack Guyer endeavored to prove that a red muley heifer was stolen by him from a herd belonging to Dave Priest. The brand was then supposed to have been changed from that of a "frying pan" to that of a "pincher" and the cow sold as his.

Jack Guyer was the chief witness for himself and Mr. and Mrs. A. P. Black of whom he testified he bought the cows were the principal witnesses for the state.

BANKS TO CLOSE HERE WEDNESDAY

Banks of Bismarck will be closed on Wednesday, June 30, this being election day and therefore a legal holiday, it was announced by bankers today.

STRONG FOR CRAPS
Hondoluh June 28. When police went to break in a merry little Kaka-kaka party the persons of the women of a bunch of craps players caused a furor among the officers.

VETS FIND JOBS
Alexandria, Egypt, June 28. A survey of 115,470 men now in the Egyptian army, according to the Egyptian Gazette.

HOLDS GAVEL

J. Bruce Kremer, Vice chairman of the Democratic National Committee, held the gavel that called the San Francisco convention to order.

BRYAN DEMANDS DEMOCRATS WAR ON PROFITEERS

Prepares Platform Plank for Submission to Democratic National Convention

ALSO HAS TREATY PLANK

San Francisco, June 28.—State commissions similar to the federal trade commission are a feature of a plank on profiteering proposed by William J. Bryan, to the Democratic national convention.

"The Democratic party pledges the nation to rid it of the profiteer and to close the door against the return," the plank says. "It will endeavor to eliminate all unnecessary middlemen by the encouragement of organizations among producers that will bring those who sell and those who use closer together. It will enact and enforce laws that will prevent excessive charges by such middlemen as are necessary. To this end it will demand legislation subjecting to the penalties of the criminal law all corporate officers and employees who give or carry out instructions that result in extortion. It will make it unlawful for anyone engaged in interstate commerce to make the sale of one article dependent upon the purchase of another article and it will require such corporations to disclose to customers the difference between cost price and selling price or limit the profit that can be largely charged as the rate of interest is now limited.

Regular Commissions
It will also endeavor to create in the several states trade commissions with powers as ample as those of the Federal Trade commission and then enact laws authorizing each local community to create as needed similar committees to investigate local profiteering.

Another plank dealing with the treaty of Versailles and the league of nations will be made public by Mr. Bryan tomorrow.

FARMER BURNED WHILE AIDING HOPPER BATTLE

Minor, N. D., June 28. While attempting to improve a gas trap machine with which to burn grasshoppers, Chas. Moore, a prominent farmer residing five miles north of Minor, was probably fatally burned. An explosion of the machine with which he was experimenting to kill hoppers through a flame, scorched him.

Mr. Moore had heard of a gasoline arrangement to destroy grasshoppers and fitted up a machine consisting of a compressed air tank, gasoline tank and boiler. A pipe was attached to this through which the gas flames were forced. The pipe was dragged along the ground to burn the grasshoppers. This became loose and the explosion resulted. He was taken to the Minor hospital.

FRAUD PRACTICE OF TOWNLEY MAN SHOWN BY HIS PUBLIC CONFESSION

(Special to The Tribune.)
Fargo, N. D., June 28.—Confession is good for the soul. It also shows the hidden method being used by Townley organization men in a desperate effort to cast discredit on opposition forces just before the primary.

DEMOCRATIC KEYNOTE SPEAKER ASSAILS FAILURE TO RATIFY LEAGUE OF NATIONS AS CRIME

National Chairman Cummings Calls It a Crime as Quadrennial Convention Gets Together to Nominate Candidate for Presidency of United States—Wet and Dry Talked and McAdoo Boom Increases—Brvan in Offing

San Francisco, June 28.—Assembling at noon today for their first session, delegates to the Democratic national convention heard a keynote speech by National Chairman Homer S. Cummings.

Twelve o'clock noon was fixed for the opening, but hours before ticket holders gathered in the spacious building which, for the occasion, seats more than 12,000 persons. Those who did not hold tickets were barred from approaching the main entry by sentries.

Decorations of the convention hall were simple and tasteful, with the Stars and Stripes as the dominant feature.

Wet and Dry Talk
Delegates and leaders were prepared for a fight over both platform and candidates as the convention assembled. The actual convention work itself was only preliminary and perfunctory, but the arrival of convention day served to bring further into which had been dividing delegates and perfecting the elder politicians in previous conferences.

The liveliest subject in the minds of the delegates manifestly was the impending prohibition fight but talk of candidates was gaining more and more attention as the rival managers got down to cases with the big party of uninstructed and uninstructed delegates.

Boom McAdoo
The latest turn of the McAdoo boom furnished a new angle to the convention preliminaries, but its precise effect on the relative situation of the candidates was not yet clear. Announcement that the former secretary of the treasury, despite his declaration that he did not want the nomination, would be willing to accept it was variously accepted by the delegates.

By some it was declared the development that McAdoo now would be an active contender from the start and in consequence the convention, like that of the Republicans at Chicago, would have a big three running close together on the opening roll call.

The possibility of such a development brought renewed claims of consistent gains from the supporters of Palmer and Cox. Among the best informed politicians, however, the general opinion was that it was still too early to forecast what would happen. Discussion of candidates manifestly still was subordinated in the minds of many delegates to the prohibition issue and they regarded the inevitable preliminaries with the opening session with impatience as they waited until the time when the differences of the wet and dry.

Bryan Says Little
Contrary to expectation of many delegates William Jennings Bryan was having little to say about the permanent organization or its committees.

As in more than one previous Democratic convention Mr. Bryan was looked upon as an unknown quantity as to what might be a deciding factor in any of the political equations concerning the

The League of Nations covenant was championed as the "Monroe Doctrine of the world," Mr. Cummings. Of the peace treaty's defeat in Congress he said: "It is a black crime against civilization has ever soiled the pages of our history."

He characterized the Republican platform as "reactionary and provincial." "Filled with premeditated slanders and vague promises, it will be searched in vain for one constructive suggestion for the reformation of the conditions which it criticizes and deplores," he continued.

The oppressed peoples of the earth will look to it in vain. It contains no message of hope for Ireland; no word of mercy for Armenia; and it conceals a sword for Mexico. It is the work of men concerned more with material things than with human rights. It contains no thought, no purpose which can give impulse or thrill to those who love liberty and hope to make the world a safer and happier place for the average man."

He declared that the peace time record of the Democratic party from March, 1913 to the outbreak of the world war has to a credit "more effective, constructive and remedial legislation than the Republican party had placed upon the statute books in a generation."

Praising the administration's course in the war he said: "We fought a great war for a great cause and we had a leadership that carried America to greater heights of honor and power and glory than she has ever known before in her entire history."

"Let no one misunderstand us. These great affairs were carried forward under the stimulus of American patriotism, supported by the courage and spirit of our people. All this is freely and gladly acknowledged, but surely the time has come when, because of the calculated criticism and premeditated calumnies of the opposition, we are entitled to call attention to the fact that all of these things were accomplished under the leadership of a great Democrat and of a great Democratic administration. If the Republican leaders are not able to rejoice with us in this American triumph they should have the grace to remain silent, for it does not lie in the mouths of those who conducted the Spanish-American war to introduce in the luxury of criticism."

"Smelling Committes"
Referring to congressional investigations by "smelling committees" he said that over 50 investigations have been made over two million dollars wasted and the result has been to (Continued on Page Eight)

Big Tire Clearance Sale

ALL NEXT WEEK!

June 28th, 29th, 30th - July 1st, 2nd and 3rd

This is your opportunity to save some money on Tires. If you are going to need Tires or Tubes this season, you should take advantage of this big clearance sale at greatly reduced prices.

Every Federal Tire and Tube in our stock is fresh from the Federal Factory this spring and we stand back of every tire we sell. You can't afford to overlook this saving, and you can't afford to put off buying until we are out of YOUR size or the sale is over. Better stock up today before it's too late.

This is Strictly a Cash Sale--No Credit.
There Isn't a Better Tire in the World than FEDERAL!

LANGER ATTACK IN HOME TOWN FAILS UTTERLY

(Continued from Page One)
wreck the union, also talked to the crowd.
He spoke of the drift of farmers to the city and said "a lot of us have our backs to the farm."
"After looking over some of the farms in the western part of the state

here I believe I'll go back to the mines," he said after telling the crowd that since the price of farm produce had increased so greatly he thought he might try farming some place.
"But how can a laboring man farm?" he asked. "Why, down in Illinois land is selling for \$500 and \$600 an acre. And if you can get \$40,000 to buy a farm you don't need one."
McDonald, who is said to be one of

the organizers of a Third party, assailed present political conditions.
Molzen explained to the crowd how the broke mill is making 83 per cent profit, and declared it was the intention to continue making a profit until all the cost of the mill had been wiped out. He also denounced profiteering.

WILL DEBATE

Napoleon, June 26—In an attempt to reclaim lost ground, league leaders in Logan county are spreading the

rumor that William Langer has declined to accept A. C. Townley's challenge to meet him in public debate. The league leaders of this county are apparently running true to form and obeying to the letter Townley orders to be as "a horse thief."

While on the stump during the primary campaign, William Langer has frequently repeated his challenge to Townley to meet him in public debate.

a challenge that was originally made in Langer's open letter to Townley. Up to this date neither Langer or the Republican Headquarters have received Townley's acceptance, nor has any challenge from Townley to Langer been received.

That Mr. Langer is ready to accommodate Mr. Townley is made evident by the receipt of a telegram to the Republican County Chairman, Mr. O. P. Bryant of Napoleon.

Mr. Langer wires as follows:
"Will meet Townley as per my standing challenge of months ago."
"Especially do I challenge Townley

to meet me at Fargo Auditorium, June 28."
A similar telegram was sent by Mr. Langer to the league county manager of Logan County, Mr. H. A. Shepard of Burnstad.

BRIEF DANGEROUS

St. Louis—Bunny Brief of the Kansas City Blues is developing into one of the most dangerous hitters on the club. He socks for extra bases.

KIDS WANT SEATS

New York—High-priced schedule of seats has eliminated the boy fan from

the Polo Grounds. Agitation is being made to let kids in the bleachers for 15 cents.

BOOST HOBLITZEL

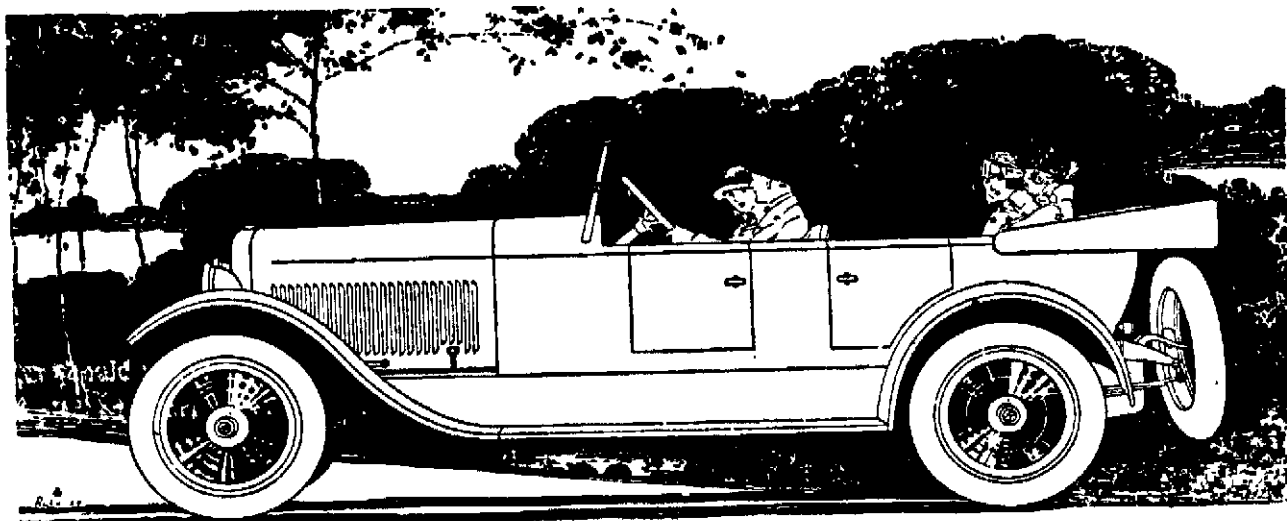

Akron—The Akron Exhibition Co., backers of the baseball club, has turned over the full governing power of running the team to Dick Hoblitzel.

YALE GETS STARS

New Haven—Thirteen major sport captains will register at Yale this fall, the largest inter-scholastic collection of star material to ever enter freshman ranks.

CHANDLER SIX

Famous For Its Marvelous Motor

The Chandler Adds Much to Out-Door Life

JUNE is here and all out-doors calls to us. The long roads to the country and hillside and stream and woods open their arms to us.

If you would have a full enjoyment of your trips and tours, make them in the Chandler, a car distinguished for its powerful, flexible and dependable motor, and equally distinguished for its roominess and comfort.

Nearly eighty thousand Chandler owners know what a good car it is. They know what it has meant to them, that the Chandler organization for seven years has devoted all its engineering skill and manufacturing experience to the development of the one standard Chandler chassis. They know that Chandler policies have resulted in a chassis which today approximates perfection.

On this one Chandler chassis are mounted six beautiful types of body.

"How I chose a power and light outfit for heavy work"

Western Electric Company,

Dear Sirs:

"When a salesman begins to tell me his article is the 'best on the market' that's my signal to wish him a pleasant trip back to town. Looks to me as if he is more wrapped up in making a sale than in studying my needs and advising me what is best for me. That's my interest, and it ought to be his."
"Not long ago when I was in the market for a power and light outfit, I had the opportunity of seeing half a dozen plants in operation. Some of them looked pretty good to me, but as I never had any experience with an electrical system before, I was a bit puzzled."
"Then along came a salesman whose talk steadied me."

An outfit that can afford to be criticized

"You've been looking at some mighty good plants," the salesman said, "and probably wonder what I have to offer that is better. Now I'm not going to say that the Western Electric Outfit is the best. No plant is best for every purpose and every situation. But what is your purpose—light or power? If it is light, then I want to say that with the Western Electric Outfit, you get ample light, and something else in the bargain—extra engine capacity."
"He went on to tell me that the Western Electric people had gone in for power, plenty of power, believing that most farmers depend on power as a necessary aid in their work. And of course with a powerful, abundant light goes along without saying."

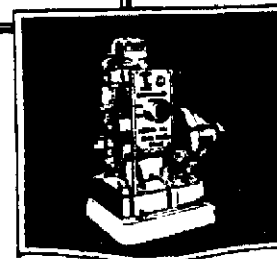

Ted Roush is a farmer known to his neighbors as a careful buyer. He looks before he buys any machinery, such as a Power and Light Outfit. So this letter that he wrote to the Western Electric Company—the actual experience of a real farmer—will be helpful to you if power is what you are looking for in your outfit.

Ted Roush
Hillsboro, Ohio

"Then he showed me how I could belt the pulley to my shafting and without any trouble run the machinery. This can be done while the batteries are being charged, or it is just as easy to switch off the generator and deliver all the engine power to the pulley, at the same time you take light from the batteries."

How long do the batteries last?

Here's the agent's answer to that: "The reason why our batteries last is because they are charged without strain. The charge flows in under fairly high pressure at first, but then begins to slow down gradually, so that when the engine stops itself the current is just trickling in. It is thanks to this automatic regulation that the batteries last longer."
"I like that." But I don't want anybody to believe it because of what I have said. I think the only sensible plan is to see the outfit work, yourself. Then you can be sure."

Let the Western Electric Power and Light Outfit help solve your farm power problem.

Say "power" and you're talking the farmer's language

"Just then the Western Electric man caught sight of my grindstone, feed mixer and buzz-saw that I kept hitched up to the shafting down in the barn."
"See," he said, "looks as if we figured right in your case too. What you want first of all is power—and I'm going to show you how the Western Electric Outfit can take care of this apparatus of yours."

No matter what plant you finally buy, you'll be interested in some facts and figures that show just how electric power and light can help you in your farm work. Our book, let SL6 tell the story.

POUND FOUR PITCHERS.
Chicago, June 28.—Chicago hit four Cleveland pitchers hard Saturday and won 12 to 7. Score: R H E

Cleveland	001 100 014—7	14	2
Chicago	000 704 01x—12	14	2
Batteries	Caldwell, Faeth, Myers,		
Niehaus and O'Neill; Faber and Schalk.			

Cincinnati, June 28.—St. Louis went to second place in the National League race Saturday by winning both games of a doubleheader from the champions, 5 to 0 and 4 to 2. Both teams played perfect ball in the field, but the hitting of the visitors was much more effective than the Reds'.
In the eighth inning of the second

NORTON BACKS DOWN HECKLER AT BIG PICNIC

Leaguer Tries to Prove There Was No Secret Caucus, But He Fails

A. A. Liedersbach, state senator from Dunn county, made an unsuccessful attempt yesterday at the big Grounna-Norton picnic in the Killdeer mountains to question some of the statements made by these two men. After Congressman Norton had concluded, the Townley man who received some hot shots from the speakers, denied there was any such thing as a secret caucus held by Nonpartisan members of the Legislature at Bismarck. He called on witnesses in the audience to verify his statements, but the men he called on said that you couldn't break in with a jimmy unless you had the approval of a Nonpartisan legislator. In their case up a season where nothing of importance was to be taken up Senator Liedersbach had passed them.

Next he denied that the by-laws of the Nonpartisan league were so fixed the three members of the executive committee always nominated their successors, making it impossible for the membership to say anything about the management of the league. Again he could find no support among the League members present and he was forced to back down.

SAINTS WIN.
St. Paul, June 28.—St. Paul defeated Milwaukee 7 to 6 in a game featured by five home runs, three of them by St. Paul players. Score: R H E

Milwaukee	300 012 000—6	12	0
St. Paul	001 113 10x—7	14	1
Batteries	Gearin, Reinhart and Gaston;		
Griner, Williams and Hargrave.			

COLUMBUS BEATEN
Columbus, O., June 28.—Getting to Danforth in the first inning for four runs won for Indianapolis over Columbus 5 to 3. Score: R H E

Indianapolis	400 100 000—5	7	2
Columbus	000 000 021—3	8	1
Batteries	Petty and Henline; Danforth and Hartley.		

SPLIT DOUBLEHEADER.
Toledo, June 28.—Louisville and Toledo divided a doubleheader here. Score: R H E

(First game)—	020 020 200—6	10	2

Stryker and Murphy.			

(Second game)—

Louisville	000 000 000—0	4	3
Toledo	010 100 21x—5	8	0
Batteries	Wright, Tatum and Meyer;		
Dubuc and Murphy.			

Other attempts by him to disprove statements made fell flat, especially after Congressman Norton had offered to buy him the most expensive suit in the state and a shave if he could back up anything he said.

Senator Gronna was the first speaker. He gave a convincing talk and spared no words in denouncing the way that Townley had used a farmer's organization to fight the farmers. He told how the tax burden of the farmer had been unfairly increased so that now he bore over 70 per cent of the burden while a year ago it was only 54 and how the corporations formerly bore 19 per cent and this year they only have to pay 14 per cent.

"My," exclaimed the Senator, "what wonderful things this farmer organization has done for the farmers."

"But farmers," he added, this is all you can expect if you let Socialist carpetbaggers manage it for you. Stick to a farmers organizations but run its affairs yourself."

Challenged Townley
He challenged Townley or anyone else to meet him anywhere and deny that the facts he is stating about the way the Nonpartisan league president betrayed the farmers by maintaining in a telegram to President Wilson that they would be satisfied with a price for wheat based on the 1917 crop.

"The senators and representatives of the Northwest," he said, "were supporting the Gore bill providing for a minimum price of \$2.50 for wheat and it would have become a law if it had not been for Townley's telegram."

But more than anything else in this election is the family and the church, he said, "is an attack on all that has made this nation great. These socialists would take from us our most cherished possessions."

Senator Gronna maintained that the increase in taxation was a move to nationalize the land without any compensation to the owners.

Backed Statements
Congressman Norton gave an effective talk and backed up all his assertions with documentary evidence. He handled Townley and the other socialists without gloves and had the crowd of fifteen hundred was with him all the time.

The strongest Nonpartisan leader in the Killdeer mountain district announced after the meeting that he had enough of socialism and that he was going to spend the next three days in talking to his neighbors and giving them the truth. Congressman Norton and Senator Gronna have been having very successful meetings in the Third Congressional district. At Kenmare, Flaxton and Stanley June 25 they had packed houses. Good meetings were held at Ray, Epping, Williston June 26 and at Alexandria the same day they had so large crowd that it would have filled the auditorium three times; therefore the meeting was adjourned to the park. Today they are speaking in Hellington and Stark counties.

"I made one mistake—But this time I think I picked a winner"

(From a letter to the Western Electric Company.)

"If I was a mechanic instead of a farmer, I would have bought a Western Electric Outfit in the first place, and not waited till I was several hundred dollars poorer and wiser in the bargain. I am not going to say anything against other plants, because I know that isn't the way you work. I can't even tell the whole truth about your own outfit for fear that people might think you paid me to boost it. You don't have to

John Lewis

EDITOR'S NOTE: Mr. Lewis is a farmer near West Chester, Pa.

When it comes to electricity I give up

"I believe the wisest man is, the quicker he will admit how little he knows about electricity. We can see and touch mechanical things, but when somebody gets talking about electricity, he can tell us pretty near what he pleases, and we can't dispute it."

"Take batteries for instance—the most important part of any light plant. We farmers, and even the wisest ones, talk about current flowing into a battery and out of it. But how many people go beyond that? Now look at it this way. If you shoot a stream of water into a bucket fast enough, most of the water will splash out as fast as it splashes in. And if the bucket is an average wooden one, it won't be long before the bottom pushes out. To you men whose batteries are giving trouble, and you who haven't bought yet, I'd suggest first of all that

you consider how the battery is charged by the generator. If the current comes in fast at first and then slows up gradually when the battery fills—as with the Western Electric—that means you'll have long-lived batteries. Otherwise you're 'out of luck,' as my son says since he came back from France.

Power and light, or light and power—which?

"When I started to buy a plant, I was dead wrong about the lighting end of it. I had a lot of genetic hints at home and heard talk around the neighborhood about how nice electric light is—and it is nice. But what I needed, and what I think nine farmers out of ten need, was a piece of machinery, first and last—an engine to help me do the farm work. Because if I had power enough, light would go with it as a matter of course."

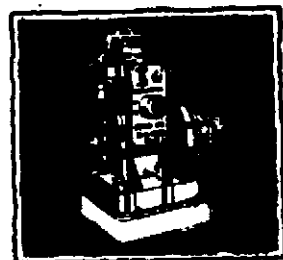

"It took me quite a while to wake up to the

fact that it would be an economy to pay a little more for a large outfit that supplied plenty of power, as well as light, rather than to buy a slightly cheaper and much smaller plant that would furnish light only. Right here's the important thing, and the farmer who buys an undersized plant is fooling himself just as I came near doing, because on a farm, power is about the only thing you need except brains, and the only thing that costs nothing when you don't use it.

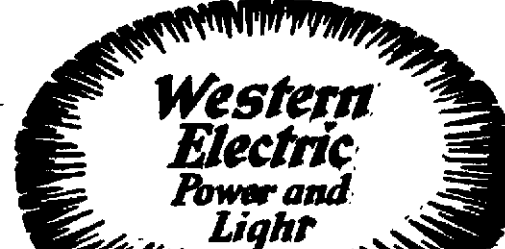

What I insisted on was an engine that would run

"Of course getting plenty of engine is one thing and whether the engine will run is another. You don't want to buy till you've seen the engine in action, any more than I did. Now I don't know what your experience has been, but mine tells me that for genuine dependability you can't beat a valve in head, 4-cycle, kerosene engine—that starts just by pressing a switch and runs in all kinds of weather. These are only some of the points about my new Western Electric Outfit. There are lots others I could talk about for pages yet—like that feature of the throttle governor to give uniform speed under any load you please, and the splash system of oiling that's as certain as it's easy. But I figure you'd rather find out about these points for yourself than read my remarks."

"Please don't get the idea I am trying to convince you that there are no good farm plants except the Western Electric. There probably are. But if you can tell me one that's any better, or made by people who are fairer to a buyer or who have been in the electrical business more than 50 years—I'd like to congratulate you, because you are some little kinder."

Maybe some of the information that helped Mr. Lewis decide will help you too in choosing a Power and Light outfit. Just write for booklet, SL-1. There is some good territory open for dealers

BOYS AND GIRLS FARM CLUBS NOW HAVE 92 MEMBERS

A total of 92 boys and girls in the county are now enrolled in eight boys and girls' farm clubs in Burleigh county, according to Geo. W. Gustafson, county agent, and Miss

Elsie Stark, home demonstration agent.

Projects taken up by these clubs cover subjects ranging from pigs and poultry to sewing, canning and gardening. Besides this there are 21 other subjects taken up.

The clubs located at Apple Creek, Long Creek and Long Lake, are Pig clubs. Baldwin has a poultry club. Menoken, Wing and Apple Creek have

sewing clubs and Wing and Baldwin have canning clubs.

Miscellaneous club members are doing club work on gardening, corn, turkeys.

More than 100,000 motor cars are stolen annually in the United States.

New York city is said to be in need of 150,000 more homes.

VOTE FOR "WHITE" HE IS "RIGHT"

TO THE REPUBLICAN VOTERS OF NORTH DAKOTA

We appeal to you to vote for Frank White for U. S. Senator for the following reasons:

1. His loyalty is above question—his great record as a soldier in the Spanish American War and World War shows this.
2. We believe him to be the most able man on the Republican Ticket for this office—his record and acts while Governor for four years, State Legislator for eight years, and as a practical farmer, and business man for many active years, testify to ability and success.
3. He is not tied to any faction—being entirely independent is hereby better enabled to look after the interests of all good citizens whether farmer, business man, service man or laborer.

He will accept the nomination if elected. All good loyal citizens should vote for him. His name is on the ticket and he will be nominated.

Yours For Victory June 30th

BAPTISTS MAY
ADOPT PENSION
RETIRING PLAN

Report Submitted at Buffalo
Conference Outlining Bene-
fits for Ministers

Buffalo, N. Y., June 28.—Provision for a retiring pension for Baptist pastors was outlined in a report of the Ministers and Missionaries Benefit board submitted at the thirteenth annual session of the Northern Baptist convention here yesterday.

The plan provided for a retiring pension after 35 years of service. The amount of pension is half the average annual salary received during that period. Baptist pastors missionaries or other ordained Baptist ministers engaged in specific denominational work approved by the board are eligible. The actual cost will be \$50 for each \$1,000 of salary received by the ministers. This cost, the report recommends, should be provided by the church which the eligible applicant served on retiring. A portion of the income of the Board's funds will be applied toward a reduction of this cost, but these contributions will not exceed 50 per cent of the annual cost.

Two Forms

Two forms of pensions are outlined. A single pension providing for the minister, while a joint pension provides for a pension for the minister and continues for a reduced amount to his widow.

Those under 30 may apply at any time, while those between 30 and 65 must apply before July 1, 1922. Certificates of membership will be issued to eligible applicants approved by the board, who agree to provide for the annual payment of an amount equal to six per cent of the salary each year after they become members. Applicants over 30 may pay up preceding dues or apply for a pension based upon the proportionate service rendered after the date of joining. Back dues may be paid in full or installments before the member reaches 65.

Reasonable Rental

The pension plan, the report states, is distinct from that providing for aged missionaries and ministers, their widows and orphaned children or for those who have become incapacitated in service. This work will be continued.

In figuring the average of salary, the board ruled that a "reasonable rental" for parsonage is included, if one is provided by the church of which the member is pastor.

NAZIMOVA DANCES
IN LATEST PICTURE

Playing the fascinating role of a London music hall dancer who finds romance in the hearts of India, the superb Nazimova is coming to the Orpheum theatre for a run of two days beginning tonight. The Russian star's newest screen vehicle is entitled "Stronger Than Death," and advance accounts of the production describe it

as the most ambitious yet done by Nazimova.

"Stronger Than Death" is a screen adaptation of the brilliant novel by L. A. R. Wylie. It is a story of a beautiful and poetic love, which develops between a man and woman placed by fate into an atmosphere of danger and swiftly moving events. Stirring drama at all times illumines the narrative, making it one of those stories that gets a strong hold upon the emotions of the spectator.

LUTHER LEAGUE
CONVENES HERE
FOR TWO DAYS

Mandan Circuit to Hold Meetings in City on Sunday and Monday

Arrangements have just been completed for the annual convention and song festival of the Mandan circuit young people's Luther League in Bismarck. According to original plans it should have been held near Driscoll, but owing to local conditions and circumstances the place of meeting has been changed at the last moment.

The convention will meet on next Sunday and Monday, July 4 and 5, at the principal meetings at Trinity Lutheran church, corner 7th street and avenue C. On Sunday morning the convention will open with divine services at 10:30 with sermon by the Rev. N. M. Ylvisaker of Minneapolis. On Sunday afternoon and evening programs will be rendered consisting of addresses, singing, and instrumental music. On Monday afternoon a patriotic program will be rendered with suitable addresses and music. And on Monday evening, possibly at the city Auditorium, a grand concert will be given by various soloists and a joint mixed chorus consisting of about 75 singers.

BIBLE CLASSES
ENROLL 220 IN
TWO SCHOOLS

Success of Schools Established for Second Year Exceeds Expectations

The Bismarck Daily Vacation Bible school is now in the middle of its second annual term with 220 pupils enrolled, in charge of 12 teachers and occupying the Will and Wacker public school buildings. This is a general increase over last year when 150 pupils were enrolled, in charge of seven teachers, and occupying the Will school only. Mrs. Pearl Johnson, principal of the schools announced that the arrangements made for this year are taxed to the limit now, the spirit shown is fine, and the punctuality and regularity of attendance is better than last year.

An urgent invitation is extended by the principal and all the teachers to the general public to visit the school in session. The hours at the Will in session 9:00 a. m. to 12:00 noon, at the Wacker school 1:30 p. m. to 4:00 p. m. Each half day is divided into six class periods when the children are taught the various subjects in the course of religious education, namely Bible, hymns, missions, worship, memory work and character building stories.

Outlook Good

Last year the Bismarck school was the only one of its kind in the state. This year at least ten different towns will promote similar schools, according to James C. Garrison, superintendent of the State Sunday School association. All these schools are looking to Bismarck as an example. Mr. Garrison says.

Following is a list of the teachers in charge of each grade with the enrollment in each grade.

Principal, Mrs. Pearl Johnson.

Will School, Kindergarten, Catherine Jones

1st grade, Mrs. R. S. Wilcox 13
2nd grade, Ethel Campbell 24
3rd grade, Mrs. L. J. Wehe 28
4th grade, Mrs. E. P. Quain 22
5th grade, Mrs. H. A. Hansen 30
Advanced class, Mrs. A. W. Anderson 19

Wacker School

1st grade, Mrs. H. K. Craig 13
2nd grade, Mrs. C. B. Nupen 9
3rd grade, Mrs. H. W. Payne 9
4th grade, Mrs. H. C. Postlethwaite 13

HIS FRIENDS ARE
SURPRISED OVER
BIG IMPROVEMENT

"Before I started taking Tanlac my friends were remarking about how bad I looked, but now they want to know what has brought me out so quickly," said William M. Brazski, Route 2, Box 732, Thirteenth avenue, Milwaukee, Wis., who is employed by The A. J. Tindemann and Hoverson Company, stove manufacturers.

"My stomach has always been weak," continued Mr. Brazski, "but I never had any serious trouble until several weeks ago when by appetite left me almost entirely and I began to go down hill very fast. A lump that felt as heavy as a rock formed in the pit of my stomach and I had a dull pain there all the time. Everything I ate would sour and I would fill up with gas until I could hardly get my breath and at times I felt like I was choking. Sometimes I would have such difficulty in breathing I was frightened, for I felt just like I was going to die. I had a severe headache every day of my life, and at times would get so dizzy it was all I could do to keep from falling and could hardly stay on my job. There was always a dull aching pain in the small of my back, which made it difficult for me to stoop over, and when I did and tried to straighten up again it felt just like a knife was being stuck in me. In the mornings I always got up with a bad taste in my mouth my tongue badly coated and with a nauseated feeling in my stomach, and would start off the day hardly able to drag one foot after the other.

"I read a statement praising Tanlac from a man I knew, so I bought a bottle and began taking it and I started to get better right away. I now have a good appetite, my stomach is in fine condition and I eat anything I want without suffering any bad after effects whatever. I never have a headache nor become dizzy any more, the pains have about all gone from my back and I always get up in the morning feeling simply great and ready for my day's work. I heartily recommend Tanlac and know I owe all my present good health to it, for it is the only medicine I have taken."

Tanlac is sold in Bismarck by Jos. Breslow in Driscoll by N. D. and J. H. Barrette in Wing by H. P. Homan and in Strausburg by Strausburg Drug Co. (Adv.)

Bradock Visitor

Dewitt Haer of Bradock, was a caller in Bismarck the latter part of the week.

Daughter Born

Mr. and Mrs. Benton Baker announced the birth of a daughter at St. Alexius hospital Sunday, June 27th.

Hebron Visitors

Mrs. H. P. Roth and Mrs. Lechman, of Hebron were visitors in Bismarck Sunday.

From Wilton

Martin G. Hagen, of Wilton, was a business caller in Bismarck Saturday and Sunday.

Nurses on Vacation

Miss Jennie Jensen and Miss Esther Tichman of the Bismarck hospital, are on their vacation.

Underwood Patient

Mrs. P. H. Miller and baby, boy of Underwood left the Bismarck hospital Monday morning for their home.

Tolson-Lyman

Marriage license was issued Monday to Theo N. Thorsen, prosperous farmer near Wing and Miss Ida M. Lyman, also of Wing.

Knecht-Dahl

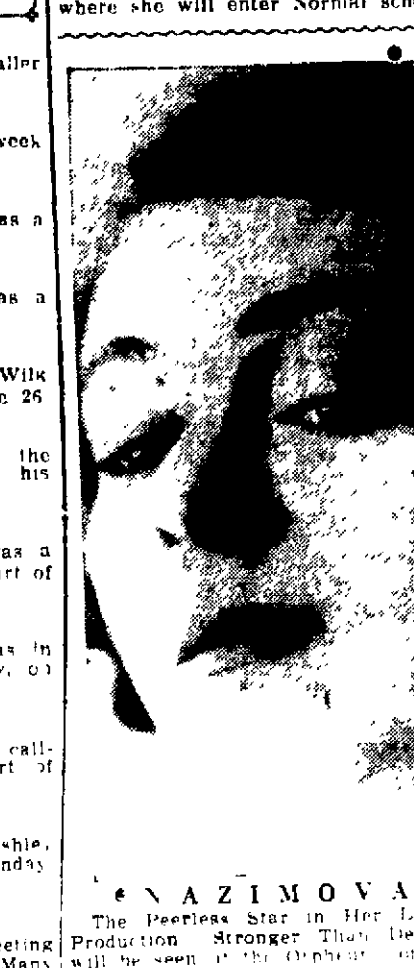

Marriage license was issued today, to Jacob W. Knecht and Miss Edna K. Dahl, of Bismarck.

Both young people are well known in Bismarck. Mr. Knecht is book-keeper at the State Penitentiary and Miss Dahl was formerly a stenographer in the office of the state highway commissioner.

The marriage will take place on June 30, at the home of the bride's parents in Norma.

Enter Normal

Miss Eura Johnson of Bismarck who has been teaching in the Burnt Creek district left Sunday for Valley City where she will enter Normal school.

"FRIENDLY ENEMIES" IS COMEDY WHICH
CARRIES WITH IT AMERICANISM MESSAGE

Playgoers who turn their attention to the Auditorium will have more than the ordinary in dramatic offerings to arrest their attention, for beginning Friday night, July 2nd, A. H. Woods will present Louis Mann in "Friendly Enemies," a combination of play and players that held New York by the ears for more than a year and which has established a record that has not been equalled on the American stage in a decade.

Mr. Mann and "Friendly Enemies," provide an entertainment that stirs every emotion and puts the audience in the best of good humor. The authors of the play are Samuel Shipman and Aaron Hoffman. While "Friendly Enemies" has been the most emphatic dramatic success of a decade, so has Mr. Mann's triumph in the role of Karl Proffer been the most artistic achievement of recent years. Reviewers have everywhere acclaimed Mr. Mann as the foremost character actor of the American stage, and his characterization of the unbounding old German in "Friendly Enemies" is gripping enough to confirm this opinion in the minds of playgoers without any suggestion from the critics. Mr. Mann and "Friendly Enemies" furnish an evening of entertainment that cannot be forgotten. From the rise of the curtain the audience is put in high spirits, and although there are quiet moments in the comedy, the performance is dominated by the delicious humor that the authors have written and which Mr. Mann so skillfully executes. "Friendly Enemies" is a comedy that carries a message in sound Americanism that cannot resist. It is a play for all people at all times. To see Mr. Mann in "Friendly Enemies" will make you proud of your country and its institutions. Associated with Mr. Mann in this stirring comedy of American life are less dandy, more realistic, Betty Alden, Harry Hollingsworth, Joseph Sterling and Marcelle Nelken.

Miss Mable Funston who has been teaching near Sibley left for the Ming Normal school.

Harry Johnson of Wilton who has been teaching in the Frances District left for Valley City normal.

Miss Berghot Caspari returned Saturday from New York where she has been studying music and drama, and under noted teachers, and soon will announce classes to be held here. Miss Caspari returned earlier than she had anticipated because of the illness of her father, P. S. Caspari, who is in the Bismarck hospital. In New York Miss Caspari studied voice under Mrs. F. W. Snyder and Mrs. Henry Smock.

UNDERWOOD MAN DIES

Gottlieb Saylor, 64 years resident of Underwood, passed away Sunday after a lingering illness of diabetes. Mr. Saylor is survived by his wife and children. He was born in Russia and shortly after coming to this country he took a claim in North Dakota. His farm is now one of the best in this part of the state.

Manufacture of pneumatic tires in 1920 will consume about 400,000 bales of cotton.

DO YOUR DUTY

CRAZED SAILOR TRIES TO KILL ENTIRE FAMILY

Strikes Baby Over Head With
Bar as It Lay in Crib Sleep-
ing and Stabs Others

DESCRIBES HIS EFFORT

Chicago, June 28.—Nolan H. Robinson, 23 years old fugitive from an insane hospital at Elgin, Ill., was captured here Saturday and held on charges of attempting to murder his wife, their 5-month-old baby and his parents-in-law at Wheaton, near this city.

Robinson stabbed all four with a butcher knife and then crushed their skulls with an iron bar. Robinson, found sitting in a railroad station, his clothes covered with blood, calmly discussed the attempted murders and declared he was crazed with love.

May Die
The Wheaton police reported the wife, baby and the father-in-law and his wife cannot recover.

"After I escaped from the asylum," Robinson told the police, "I phoned my wife and she refused to live with me again. So I went to the house at night, armed with a bar and broke in. My wife rushed to me and I hit her over the head. Then my mother-in-law rushed out. I felled her with a blow, then hit her again to make a good job of it."

Stabbed Wife
My wife got up and I grabbed a butcher knife and stabbed her with it. She sank to the floor. I went into the bedroom of my father-in-law, who is partially paralyzed. He could not move, so I just hit him over the head three times. The baby was lying in its crib. I hit it over the head and it never knew what happened.

Robinson then washed his hands and carried his wife more than a mile to a farmer's home before fleeing to Chicago.

Robinson served four years in the navy and crossed the ocean 18 times during the war.

TRADE BALANCE OF 17 BILLION, U. S. REPORTS

Piled Up by Country Since Be-
ginning of the War, Depart-
ment of Commerce Figures

Washington, June 28.—Since the beginning of the world war in 1914, the United States has piled up a trade balance of approximately \$17,000,000,000 against the world. This exceeds by several billions of dollars the total balance in favor of the United States from 1875 to 1914.

Department of commerce figures today show that the trade balance made in favor of the United States in the fiscal year ending in 1911, one month before the war began, was only \$400,000. During the first year of the war it was \$1,094,419,600, and in the year ending June 30, 1916, it was \$2,156,680,475. During the succeeding year the total was \$3,530,693,209.

Meantime the United States had entered the struggle, and in the year ending June 30, 1918—the first full fiscal year of America's participation—the balance was only \$2,974,055,973. In the next year, ending June 30, however, it was \$4,136,562,618.

Record Set This Year.
During the first eleven months of this fiscal year the balance was only \$2,788,451,802, but exports were larger in those eleven months than in any other full fiscal year in the Nation's history, totaling \$7,474,193,349, as against the previous twelve months' record of \$7,232,282,696 made during the last fiscal year.

At the same time that America's export trade began to advance by leaps and bounds, the import trade also showed an enormous increase, totaling \$2,917,843,510 in the year ending June 30, 1919, and advancing steadily each year to a new high record of \$4,687,747,475 during the eleven months of the present fiscal year. The previous high record was \$3,095,720,068 last year.

Most of the favorable trade balance of the United States has been against the Allied and neutral countries of Europe. Many of the South American and North American countries and some of those in the Far East have a balance against the United States.

NEW CURRENCY AIDS AUSTRIA AFTER PANIC

Vienna, June 28.—With the rapid issue of a new currency, the country is recovering from the panic that followed the discovery that enormous amounts of 1,000 and 10,000 crown notes were in circulation with forged overprints.

As there is no note between the denominations of 100 and 1,000 or between 1,000 and 10,000, business became completely paralyzed when the forgeries were discovered. No one would accept the large notes. The hotels and banks in taking them from clients took the number of the note and entered it against the giver's name. The 50 and 100 crown notes soon gave out and business was done with tens and twenties. The government redeemed the forgeries around seventy.

About 6,000,000,000 crowns of new 1,000 and 10,000 crown notes will be issued to retire the old ones.

INSECT POWDER BRINGS DEATH

Jackson, Mont., June 28.—Killing lice which had been sprinkled with insect powder nearly resulted in the death of the family of Wesley Prokes.

LOUIS MANN COMING TO BISMARCK IN FAMOUS PLAY, "FRIENDLY ENEMIES"

LOUIS MANN

No announcement of a forthcoming play carries with it more promise than that found in the coming of Louis Mann in "Friendly Enemies" to the Auditorium theatre on Friday, July 2nd.

For two years this stirring comedy by Samuel Shipman and Aaron Hoffman has been the most emphatic dramatic success of the American stage. It has also enjoyed extraordinary success in England and Australia. Mr. Mann and "Friendly Enemies" comes to this city following a record-breaking run of sixty-nine weeks in New York City, fifty-two of which were played in successive performances at the Hudson Theatre.

"BASEBALL INTERVENTION" MAKES HIT WITH MEXICAN SPORTS SAYS STATE DEPARTMENT REPORT

Washington, June 28.—Although the state department might not say so officially, there has been intervention in Mexico, and what's more, Mexico likes it. Americans have sent plenty of ammunition for this intervention, and it has found no difficulty in getting across the Mexican border, for it consisted of baseballs, not cannon balls—baseball, not cannon.

The American national sport—baseball—has won a conquest of Mexico, declares Captain Sherburne Hopkins, legal representative here of the Obregon government. It has driven the habit of bull fights into oblivion.

Bullfights in Mexico, according to Don Manuel Telles, of the Mexican embassy, were a habit, not a sport. They have had no official sanction for years, and Mexico abolished them entirely. It was staged occasionally along the border for curious Americans. It represented a local financial enterprise, not a national sport. But baseball has taken on the status of a real Mexican pastime.

There are baseball clubs in Tampico, Vera Cruz and Mexico City, and scores of the smaller towns have their sandlot teams. These cities and others publish the American returns on the big league games the same as we do here.

A new spirit of fair play, it is declared, is being developed by the tremendous popularity of baseball in Mexico. Bull fighters were an inheritance from Spain.

Mexican students in American colleges have caught the spirit of America's national sport, with its standards of conduct have approved and carried the game back home.

Bull fighting in Mexico is no longer looked upon as a sport, and it is even said to be dying in Spain. It was a relic of Roman days when prisoners were cast to the lions.

"The bull never had a chance; it was one-sided from the start."

"But baseball," That is one fine sport we learned in America," say the Mexican baseball fans. "That is the kind of intervention to introduce."

living near here. The lettuce bed and cucumber plot on the Prokes place adjoin each other and insect powder placed on the cucumber vines had been blown by the wind upon the lettuce. The members of the family were poisoned and dangerously ill for some time. All are reported recovering today.

CATHOLICS IN GERMANY WATCH NEW GOVERNMENT

Berlin, June 28.—Catholic newspapers are watching with growing concern a movement to introduce a new system of religious instruction in German schools. Heretofore such instruction has been based on the old and new testaments.

The new plan, which was evolved by teachers of Meiningen and recently endorsed by the teachers association of Thuringia, where protestants are in the majority, would do away with Bible study. Instead, children during their first four years in school would be instructed in German fairy tales and myths, Robinson Crusoe and the history of the child Jesus. In the last four years the instruction would have to do with the worship of God by ancient people, the life and teachings of Jesus, and the worship of God in Germany. More and more, the Thuringian teachers agreed, German myths and poetry should replace in the schools the old testament.

"By no stretch of the imagination," comments Germania, the organ of the Center (Catholic) party, "can this be called religious instruction. It is thoroughly in accord with the well-known tendencies of radical teachers. Catholics must follow this movement with close attention, for it threatens to invade their own schools."

WEALTHY DANES ON SHIP CREW

New York, June 28.—More than 150 Danish bankers, doctors, lawyers, teachers and farmers were enrolled among the engine and deck crews of the Scandinavian-American steamship Frederick VIII which arrived here today from the St. Lawrence port of Copenhagen. The first vessel of the line to reach the United States in three months.

In the engine room crew there was a wealthy banker a professor of mathematics and an engineer who is head of a well known Danish technical institute.

COBB USES HEAD SALT LAKE CITY

Salt Lake City, June 28.—Cobb used his head in a game of the day. He was the only player to ever paid a player for exhibition work.

SEN. LA FOLLETTE OUT OF HOSPITAL

Washington, June 28.—Senator La Follette today refused to be interviewed on anything concerning politics. He has been dismissed from the Max Baer hospital where he recently underwent an operation. He is now having some dental work done.

DAVIS BOOSTERS VERY MODEST IN ALL "LITERATURE"

San Francisco, June 28.—Among the supposedly minor booms that of Ambassador John W. Davis is getting a lot of notoriety. This is largely due to the refreshing modesty of his methods of his sponsors, who are a group of West Virginians. Even their "literature" does not shrink. This is a sample: "John W. Davis is not like Washington, Jefferson, Jackson, Lincoln, Roosevelt, Wilson or Bryan. He is simply John W. Davis himself."

If persons who are not delegates are permitted to address the convention, Davis will be placed in nomination by Gov. Cornwell of West Virginia, and the second will be Mrs. Junior Brown, formerly the actress Isotta Jewell, well known in Washington.

PERKINS LEAVES FAMILY ESTATE

New York, June 28.—George W. Perkins, philanthropist and financier, who died last Thursday at Stamford, Conn., left the bulk of his estate to his widow and two children, according to his will, filed here today. The exact amount was not given, but the value was placed "in excess of \$1,000,000."

No public bequests were made. Miss Mary Kimm, his secretary for more than 27 years, received a bequest of \$50,000, together with a \$6,000 annuity for the remainder of her life. Every other person who was in his employ for a year or more, was bequeathed \$100 for each year of service.

FOUR MILLION IN GOLD RECEIVED

New York, June 28.—Gold to the amount of \$4,000,000 was received today by the New York agency of the Bank of Montreal, in addition to \$4,000,000 received on Saturday. The metal was sent by the Canadian government.

Country to reports current in Wall Street it was said that the shipments had no connection with the payment of the \$500,000,000 Anglo-French loan next October. Advances from London received in the financial district today said that \$10,000,000 to \$15,000,000 gold would soon be sent to America, presumably in connection with the repayment of the Anglo-French loan.

PRINCE OF WALES GETS WHOLE TEETH

Sidney, Australia, June 28.—When the Prince of Wales was in the Fiji Islands, en route from Honolulu to New Zealand and Australia upon the warship Renown, the Fijians presented to him many whales' teeth. These are so valuable according to native standards, as practically to be the source of life to the islands. The prince also received as gifts many handsome native mats.

DICKINSON MAN DIES

Dickinson, N. D., June 28.—While talking politics in front of the Willard hotel in this city, Joseph Kuskiely, an old settler and rancher of this city, dropped dead from a stroke of apoplexy. This is the second he had suffered, the first occurring 10 years ago.

Mr. Kuskiely was 82 years old. He came to this section in 1881. He went into the grocery business and later became interested in cattle ranching. He was considered a man of wealth and leaves a large family.

BAND IS IN NEED OF SUPPORT FOR PUBLIC CONCERTS

E. H. Weber Outlines Needs of
Organization Which is At-
taining Reputation

The Elks' 26-piece band must have financial assistance from the city of Bismarck, if it expects any band concerts this summer, said E. H. Weber today, outlining the band's financial position.

"The concert which was given last February enabled the band to meet its current expenses, such as paying the band leader and incidental expenses," he said.

The band boys receive no remuneration or in any other way are benefited by the regular rehearsals, which are necessary and which take their time.

"The bands in nearly all other towns of this size and smaller receive regular appropriations from the city so that they can keep the band going. Our band has never received anything and every man in it has given his time and efforts to host Bismarck and Bismarck's band but if no financial aid is given to the band it will shortly go out of existence."

Spencer Boise, the band leader, is now with the Shriners in Portland. He was formerly assistant director of the Million Dollar band and is a musician equal to the best.

Most of the bands in towns of the size of Bismarck are maintained jointly by band associations and the city, Mr. Weber said.

In this way a band can be organized that will be a credit to the city and enhance its reputation, he added. Open air concerts given at stated intervals by a good band, would bring hundreds of visitors from neighboring towns to Bismarck he said.

The players of such bands are paid for their rehearsals and for every appearance. Instruments and uniforms are provided by the band associations. The Bismarck band boys not only received nothing for rehearsals and very seldom anything for an appearance, but they furnish their own instruments, Mr. Weber said.

SALOON TURNED INTO CHURCH IN WISCONSIN TOWN

Weston, Wis., June 28.—(Special.)—The Eighteenth amendment has furnished Weston with its first "moral uplift."

Until Sunday this little Dunn county village never had a church. Now it has a church, a minister and a parsonage.

Prior to January 16, Weston possessed on saloon and one dance hall, both run by the same proprietor.

Then prohibition came. The dancers quit when the liquor did. Then the saloon keeper quit.

Now the dance hall is a church and the saloonkeeper's former home is the parsonage.

Dr. E. D. Lohistadt of St. Paul, area secretary for the Methodist church, dedicated the transformed dance hall.

DAKOTA WOMEN RETURN FROM CLUB BIENNIAL

Mrs. Cary, of Mandan, and Miss Nelson, of Bismarck, Honored at Meeting

North Dakota women who have returned from the biennial convention of the General Federation of Women's clubs at Des Moines, Ia., say that it was the greatest meeting the federation has ever held. The northwest was recognized in the election of Mrs. Thomas G. Winters, of Minneapolis, as general president.

Mrs. L. N. Cary, of Mandan, was named state director for North Dakota. There were about twenty-five North Dakota women present.

Miss Hazel Nielson, who was one of the two girls selected from every state in the union to go to France during the war for the federation, attended the reunion of the corps. There were thirty-nine of the overseas units present, and each one was given a beautiful pin as a decoration. One of the unit did an overseas, and an impressive memorial service was held.

Miss Delia Linwell, of Northrop, who, with Miss Nielson, represented North Dakota, remained in France to study drama.

BERLIN LOSING AS CENTER OF GERMAN TRAVEL

Berlin, June 28.—As a center of attraction for visitors from outside, Berlin is on the wane, said Chairman Landau, of the City's Foreign travel bureau, which held its annual meeting here recently.

Landau stated that although in the year under review 1,359,000 strangers visited the capital they were on the whole not the class of visitors that were desired. Berlin, he added, had become hated in the provinces and no traveler came to Berlin for pleasure. Moreover there was an alarming exodus of industrial undertakings from Berlin.

The authorities, he said, must wake up and offer fair and such as an inducement for the desirable class of visitors to come to Berlin.

MARGARET WILSON GOES TO FRISCO

San Francisco, June 28.—The woman's bureau of the Democratic national committee today made a reservation at the Fairmont hotel for Miss Margaret Wilson, daughter of the president. Officials of the bureau refused to state who ordered it. Miss Wilson, it was stated, is expected to arrive in San Francisco the latter part of the week.

FAMOUS PASSION PLAY WILL NOT BE GIVEN THIS YEAR, SAYS ANTON LANG

Berlin, June 28.—The Passion Play will not be given at Oberammergau this year. Anton Lang, who played the role of Christ in 1900 and 1910, when interviewed in his pottery said: "The Passion Play should be given. It would do much to bring about international reconciliation. And at least four-fifths of the people of the community would like to take their old parts. But it is impossible. We have only 4,000 beds in Oberammergau and these are now being used by laborers at work in the adjacent mountains. To throw them out would start a riot. Moreover, many of our bed clothes were used for bandages during the war. Then there are the strikes. The only way it could be given would be to have the Bavarian government subsidize this season's play, and that has its objectionable features."

Mr. Lang is convinced, however, that foreigners, especially the Americans, would come in great numbers. He scoffed the offer that had been made to him to go to America and play over there for "beautiful money."

The play has been given every ten years for about two centuries. Mr. Lang called attention to the fact that it would soon be difficult to give it at all if the tradition were not maintained, since it was the one thing that prevented the young girls of Oberammergau from getting married. Maria Zwiak, the daughter of Zwiak-Judas, got married last winter as soon as she heard that the Passion Play would not be given this year.

MITCHELL ATERMATH
Milwaukee—Both Pinky and Richie Mitchell believe they can beat Lew Tendler if they get another chance. Pinky says Richie was fouled in his match.
